Section 8: Language Assistance Plan

Plan Components

As a recipient of federal US DOT funding, the **Pointe Coupee Council on Aging** is required to take reasonable steps to ensure meaningful access to our programs and activities by limited-English proficient (LEP) persons.

Limited English Proficient (LEP) refers to persons for whom English is not their primary language and who have a limited ability to read, write, speak or understand English. This includes those who have reported to the U.S. Census that they speak English less than very well, not well, or not at all.

The **Pointe Coupee Council on Aging's** Language Assistance Plan includes the following elements:

Item #1: The results of the *Four Factor Analysis*, including a description of the LEP population(s), served.

Item #2: A description of how language assistance services are provided by language

Item #3: A description of how LEP persons are informed of the availability of language assistance service

Item #4: A description of how the language assistance plan is monitored and updated

Item #5: A description of how employees are trained to provide language assistance to LEP persons

Four Factor Analysis Methodology

To determine if an individual is entitled to language assistance and what specific services are appropriate, the **Pointe Coupee Council on Aging** has conducted a *Four Factor Analysis* of the following areas: 1) LEP Demography, 2) Contact Frequency, 3) Importance of Service, and 4) Resources and Costs.

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient. In addition to the number or proportion of LEP persons served, the **Pointe Coupee Council on Aging** will identify:

- (a) How LEP persons interact with the recipient's agency;
- (b) Identification of LEP communities, and assessing the number or proportion of LEP persons from each language group to determine the appropriate language services for each language;
- (c) The literacy skills of LEP populations in their native languages, in order to determine whether translation of documents will be an effective practice; and
- (d) Whether LEP persons are underserved by the recipient due to language barriers.

Factor 2: The frequency with which LEP persons come into contact with the program.: Identifies and assesses the frequency **Pointe Coupee Council on Aging's** staff comes into contact with LEP persons. Examples of contact could include:

- (a) Use of bus and rail service;
- (b) Purchase of tickets through vending machines, outlets, websites, and over the phone;
- (c) Participation in public meetings;
- (d) Customer service interactions;
- (e) Ridership surveys;
- (f) Operator surveys.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives. Generally speaking, the more important the program, the more frequent the contact and the likelihood that language services will be needed.

This section discusses how the **Pointe Coupee Council on Aging's** program and services impact the lives of person's within the community. The **Pointe Coupee Council on Aging** will specify the community organizations that serve LEP persons, if available.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach. Resource and cost issues can often be reduced by technological advances, reasonable business practices, and the sharing of language assistance materials and services among and between recipients, advocacy groups, LEP populations and Federal agencies. Large entities and those entities serving a significant number of LEP persons should ensure that their resource limitations are well substantiated before using this factor as a reason to limit language assistance.

The summary below discusses the low cost methods the **Pointe Coupee Council on Aging** uses to provide outreach to LEP persons as well as train staff (and transit provider/lessee, if applicable) on Title VI and LEP principles.

Item #1 – Results of the Four Factor Analysis *(including a description of the LEP population(s) served)*

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered.

The **Pointe Coupee Council on Aging's** staff reviewed the American Community Survey data <https://www.census.gov/programs-surveys/acs> and determined that 835 (4%) persons in the **Pointe Coupee Parish** speak a language other than English. In **Pointe Coupee Parish**, of the 835 persons with limited English proficiency, 338 (40%) speak Spanish.

Agency should insert the tables from ACS that document the persons who "speak English less than very well"

https://data.census.gov/cedsci/table?q=United%20States&table=DP05&tid=ACSST1Y2017.S1602&g=0100000US_0400000US22.050000&lastDisplayedRow=29&vintage=2017&layer=state&cid=DP05_0001E&t=Language%20Spoken%20at%20Home&hidePreview=true

Factor 2: The frequency with which LEP persons come into contact with the program.

Pointe Coupee Council on Aging assessed the frequency with which staff and drivers have, or could have, contact with LEP persons. **Pointe Coupee Council on Aging** provides approximately 24,145 passenger trips per year. If an individual has speech limitations, the dispatcher or driver will work with the Transit Manager and the LADOTD, if needed, to ensure the individual receives access to the transit services.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives.

All of **Pointe Coupee Council on Aging's** programs are important; however, those related to safety, public transit, nondiscrimination and public involvement are among the most important. The **Pointe Coupee Council on Aging** is committed to providing meaningful access and will provide written translation for any of its documents, when reasonable, effective and with the available resources. In other cases, the **Pointe**

Coupee Council on Aging will strive to provide alternative but meaningfully accessibility. Moreover, the **Pointe Coupee Council on Aging** continually evaluates its programs, services, and activities to ensure that persons who may be LEP are always provided with meaningful access. The Title VI policy, complaint form, and LEP policy are available in Spanish upon request.

Factor 4: The resources available for LEP outreach, as well as the costs associated with that outreach.

The **Pointe Coupee Council on Aging** makes every effort to make its programs, services, and activities, accessible to LEP individuals. The **Pointe Coupee Council on Aging** will use available resources, both internal and external to accommodate reasonable requests for translations.

Item # 2 – Description of how Language Assistance Services are Provided, by Language

The **Pointe Coupee Council on Aging** has identified, developed, and uses the following:

- a) Individuals who have contact with the public are provided with “I Speak” language cards to identify language needs in order to match them with available services. Language cards verified and distributed by the Director as need.

- c) A list of web based translation services can be provided by contracting the Human Resources Department.

- Title VI Program including the Language Assistance Plan is made available on website, if applicable, and hard copy in central office.
- Drivers and dispatchers are provided “I Speak” language cards to identify language needs in order to match them with available services.

Item # 4 – Description of how the Language Assistance Plan is Monitored and Updated

Pointe Coupee Council on Aging will continue to update the LEP plan as required by U.S. DOT. At a minimum, the plan will continue to be reviewed and updated every three (3) years in conjunction with the Title VI submission, or when data from the 2020 U.S. Census is available, or when it is clear that the concentrations of LEP individuals are present in the Pointe Coupee Council on Aging service area.

Updates will continue to include the following:
